## ABOUT ME

---

Motivated and detail-oriented Information Technology student with a strong foundation in programming, web development, and machine learning. Passionate about solving real-world problems using technology and continuously improving technical skills through projects, internships, and certifications. Looking for opportunities to apply my knowledge in software development and contribute to innovative projects.

## EDUCATION

---

**R V R & J C College of Engineering**  
*B.Tech in Information Technology*

Guntur  
2023 – 2027

- CGPA Equivalent: 80%

**ARKA Junior College**  
*Intermediate (12th)*

Guntur  
2023

- Score: 93%

**Sri Chaitanya School**  
*SSC (10th)*

Addanki  
2021

- Score: 96%

## INTERNSHIPS

---

**Coincent**  
*Machine Learning Intern*

Apr 2024 – Jun 2024  
Remote

- Learned core machine learning concepts including data preprocessing, model training, and evaluation.
- Worked on Python-based ML projects using libraries such as NumPy and Pandas.
- Explored supervised learning algorithms and data visualization techniques.

**CodSoft**  
*Web Development Intern*

Jun 2025 – Jul 2025  
Remote

- Developed responsive web applications using HTML, CSS, and JavaScript.
- Implemented frontend UI components and integrated backend services.
- Debugged and optimized website performance for better user experience.

## PROJECTS

---

**AI-Powered Interview Coach**

2025

*React.js, Node.js, Express.js, MongoDB, Gemini API, Media Recorder API*

- Built an AI-driven mock interview platform that generates personalized interview questions based on a user's job description or resume.
- Integrated real-time voice and video answer recording using the Media Recorder API with automatic feedback powered by Gemini AI.
- Implemented secure user authentication and session management using JWT and MongoDB.

- Designed an interactive user interface to enhance engagement and provide AI-powered performance reviews for interview improvement.

### **YouTube Video Content Summarizer**

Apr 2025

*Python, NLP, AI Tools*

- Developed a system to summarize long YouTube videos into concise structured summaries.
- Applied natural language processing techniques to extract key insights, timestamps, and thematic breakdowns.
- Improved content accessibility by generating quick summaries for tutorials, lectures, and podcasts.

## TECHNICAL SKILLS

---

**Programming:** Python, Java, C, SQL

**Web Development:** HTML, CSS, JavaScript, Flask

**Tools:** Git, VS Code

**Concepts:** Data Structures & Algorithms, Problem Solving

## CERTIFICATIONS

---

- Machine Learning Certification – Internshala

## ACHIEVEMENTS

---

- Consistently ranked in the top 40 students in all semesters.
- Completed multiple online courses to improve programming and problem-solving skills.

## EXTRA CURRICULAR ACTIVITIES

---

- Volunteered in college technical and cultural fests.
- Participated in sports events including cricket and badminton.
